What matters is
not the idea a man
holds, but the depth
at which he holds it.
~Ezra Pound

Michigan Corn Growers and 19 Other Michigan Commodity Organizations Hosted A Gubernatorial Agriculture Forum

Nearly 300 attendees interested in hearing what the gubernatorial candidates had to say about Michigan's agriculture industry gathered at the Lansing Radisson on Friday, March 19.

Senator Tom George, Rick Snyder and Sheriff Mike Bouchard participated in the forum making their presentation to the attendees and entertaining questions from the audience. Questions ranged from their thoughts and ideas on renewable energy to how they would reduce government and increase awareness and funding to Michigan's agriculture industry.

In Honor of Michigan Agriculture Day

Join fellow citizens on the Capitol Lawn for a grilled lunch of Michigan meats at 1pm on Saturday, March 20. All are invited to attend and there is no charge. Come and celebrate the bounty that we enjoy in the State of Michigan. Thank you to those organizing and hosting this event.

DNRE Appoints Seven New Members to Accessibility Advisory Council

The Department of Natural Resources and Environment (DNRE) today announced that Director Rebecca Humphries recently appointed seven new members to the DNRE's Accessibility Advisory Council (AAC), a long-term advisory panel that works with the department to make Michigan's natural resources and recreational opportunities more accessible for everyone.

"The members of the DNRE's Accessibility Advisory Council provide tremendous insight and ideas about how this department can better reach out to the diverse population of residents and guests who seek recreation opportunities in Michigan," said Humphries. "Our goal is to make fishing, hiking, camping, hunting, and every other recreational pursuit accessible and enjoyable for everyone."
